

# RFC- 8/1

ACTIVE COMBINER

RFC-8/1 is an active RF combiner giving high output level of max. 8 TM-800 modulators.

It is designed for standard 19" rack mounting.

## Features

- For standar 19" rack mounting
- 1 RU
- hig output level

## Technical specification

- 8 inputs
- 1 output
- Frequency range  
47,25 – 855,25 MHz
- Input level  
105 dBuV/input
- Output level  
105 dB $\mu$ V
